1. Complete the TC 96-215 form, *Affidavit of Motor Vehicle Assembled from Wrecked or Salvaged Motor Vehicles*.
2. If application is for an out-of-state vehicle or a vehicle owned by an individual and listed as "junked" in the Kentucky System, or if the *Affidavit of Total Consideration* is being used; submit a completed, signed, and notarized TC 96-182 form, *Application for Title OR Registration*. *Both seller(s) buyer must complete the TC 96-182 form.*
Note: An inspection must be made by an inspector certified in accordance with the provision of KRS 186a.115. The certified inspector shall complete and sign the Certified Inspector Section.
3. The *Application of Total Consideration, found on TC96-182, Application for Title OR Registration* shall be accompanied by a properly assigned certificate of title. In those limited cases where a certificate of title does not exist, the person selling the vehicle shall submit a notarized statement establishing lawful ownership of the vehicle by stating how long he or she has owned the vehicle; where it was purchased; when and where it was licensed; and that there are no liens against the vehicle. The seller is required to have owned the vehicle for at least five years.
4. Submit *original*, descriptive notarized labor statement from person who repaired vehicle explaining which parts were repaired and which parts were replaced.
5. Submit *original* receipts for all parts purchased. If parts were purchased from individuals and not businesses, the applicant shall submit a written statement from the seller giving the seller's name, address, and telephone number; the part or parts sold; and the serial number of the vehicle from which the parts were taken. If the serial number is not known, the seller shall submit a statement explaining the reason serial number cannot be provided.
6. Submit a lien termination statement from the lien holder to the county clerk where the lien is recorded. An application for any vehicle with a lien against it will be rejected.
7. For a rebuilt motorcycle, provide pencil tracings of both the engine and frame identification numbers. If a replacement engine was used, an effort should be made to obtain the frame number of the motorcycle from which the engine was taken.
8. If a vehicle is not damaged 75 percent or more, provide a statement from the insurance company on company letterhead indicating the damage done to the vehicle. These statements are usually required for vehicles that sustained minor damage due to fire or flood or for vehicles recovered after having been stolen and sustaining minor damage. If the original receipt from the salvage pool states the damage to the vehicle, provide receipts for parts and labor for those specific repairs. If the salvage pool receipt is provided, a statement from the Insurance company will not be necessary.
9. Applicants who supply their own parts shall provide the original invoices from the business from which the parts were purchased. If the receipt shows several parts for various vehicles, indicate which parts go with the application. The Division of Motor Vehicle Licensing will return the original invoices after initialing the receipts.
10. For vehicles less than ten years old, provide a separate federal odometer disclosure if the title is not properly completed or if the odometer disclosure on the TC 96-182 *Application for Title OR Registration* is not completed.
11. Within 60 days from the date of approval, apply for title and/or register your vehicle. After 60 days the application will be canceled and it will be necessary to reapply.
